

Are you aware that if County Commissioners vote to discontinue the **optional tv district payment we will lose our connection to public broadcasting?**

That's right. NPR pays the tv district for the use of its antennas.

There's a **hearing Monday, Nov 2nd at 3 pm** at the County Commissioners' chambers, to hear public input on whether or not to dissolve the tv district. Before, I didn't care and didn't see the relevance, but, since being enlightened regarding the connection between the tv district (their antennas) and the ability to receive public radio in the Okanogan, I am **VERY CONCERNED**.

Please seriously consider one if not more of the following actions:

- 1) Paying the optional \$45 annual tax to assist in support & maintenance of the tv district;**
- 2) Going to the meeting Monday, Nov 2, 3 pm;**
- 3) Writing or emailing the Commissioners at ljohns@co.okanogan.wa.us**

HELP US KEEP NATIONAL PUBLIC RADIO IN THE OKANOGAN!!
